

INTRO C G7 C C/

C G7  
 Oh when the saints, go marching in, when the saints go marching in.  
           C          F          C          G7          C  
 I want to be in that number, when the saints go marching in.

C G7  
 And when the sun, refuse to shine, and when the sun refuse to shine.  
           C          F          C          G7          C  
 I still want to be, in that number, when the sun refuse to shine.

C G7  
 Oh when the saints, go marching in, when the saints go marching in,  
           C          F          C          G7          C  
 I'm gonna to sing, as loud as thunder, oh when the saints go marching in.

C G7  
 Oh when the saints, go marching in, when the saints go marching in.  
           C          F          C          G7          C  
 I want to be, in that number, when the saints go marching in.

C G7  
 Oh when the band, comes marchin' in, when the band comes marchin' in.  
           C          F          C          G7          C  
 I still want to be, in that number, when the band comes marchin' in.

C G7  
 Oh when the saints, go marching in, when the saints go marching in.  
           C          F          C          G7          C  
 I want to be in that number, when the saints go marching in.

*(an alternative to "the band comes marching in" there is also a version – that sings " Oh when the band begins to play" – maybe for our Cashmere Club version later on)*
