

VERSE 1

C G7
Who can tell just how it starts
C F
Angry words and broken hearts
C F
Till silently we sit apart
G7 C
You and I.

VERSE 2

G7
But in a while the anger's gone
C F
And we forget who's right or
wrong
C F
Then one of us will end it all
G7 C
With just a smile

CHORUS

G7
We believe in happy endings
C F
Never breaking only bending
C F
Taking time enough for mending
G7 C
The hurt inside

VERSE 3

C G7
We believe in new beginnings
C F
Giving in and forgiving
C F
We believe in happy endings
G7 C
You and I.

VERSE 4

C G7
Just a word is all it takes
C F
And so at last the silence breaks
C F
And looking back it makes us
ache
G7 C
For what we've done

VERSE 5

C G7
And so we cling together now
C F
And wonder why we're oh so
proud
C F
and all that matters anyhow
G7 C
Is our love

CHORUS then.....

VERSE 6

C G7
We believe in new beginnings
C F
Giving in and forgiving
C F
We believe in happy endings
G7 C/
You and I
