VERSE I

D                    G                    D  
 If you see your brother standing by the road  
 A                    G                    D  
 With a heavy load, from the seeds he sowed  
 D                    G                    D  
 And if you see your sister falling by the way  
 A                    G                    D  
 Just stop and say, "You're going the wrong way".

CHORUS:

Tacit            A                    G                    D  
 You've got to try a little kindness, yes, show a little kindness  
 G                    D                    A  
 Just shine a light for everyone to see  
 G                    D                    Bm  
 And if you try a little kindness, then you'll overlook the blindness  
 G                    A                    G                    A                    D                    D// C/G/    D  
 Of the narrow-minded people, on the narrow-minded streets

OUTRO: D///, D// C/G/, x2 D/

VERSE II

D                    G                    D                    A                    G                    D  
 Don't walk around the "down and out", lend a helping hand, instead of doubt,  
 D                    G                    D                    A                    G                    D  
 And the kindness that you show every day, will help someone, along their way.
